DIY KNIT DOG SWEATER WITH TREE DESIGN

YouTube → https://youtu.be/nLpHzI2e4dI

My written patterns are all based on my Youtube tutorial video.

If you watch my video with this pattern, you would understand it much better.

I use my own abbreviations and terminologies, so if you don't understand, please let me know on my Youtube channel comment section, that way I can reply faster 😊

My mother tongue is not English, so please be patient with me!

If there is a link for my website, that will be available until the end of January 2023, because I will close it. My math gauge template is only available in Excel format, which means I can't upload it any where.
