Wearing this wrap makes me feel like royalty. This is one of the easiest things you could make and it looks gorgeous. Mohair will keep you warm even though the pattern is loose and airy.

**Instructions:**

CO 61 sts (or an uneven number to the desired width).

**Row 1:** Knit

**Row 2:** \*K2tog, YO\*; rep from \* to \* to last st, knit

Rep Row 2 *only* until wrap reaches desired length, or until you run out of yarn (leaving enough for bind off). BO very loosely. Weave in ends.

**Finishing:**

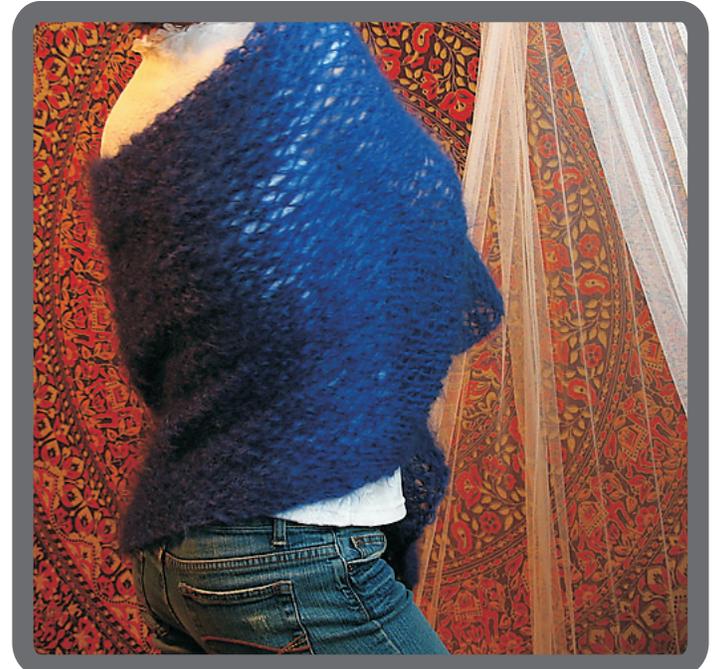

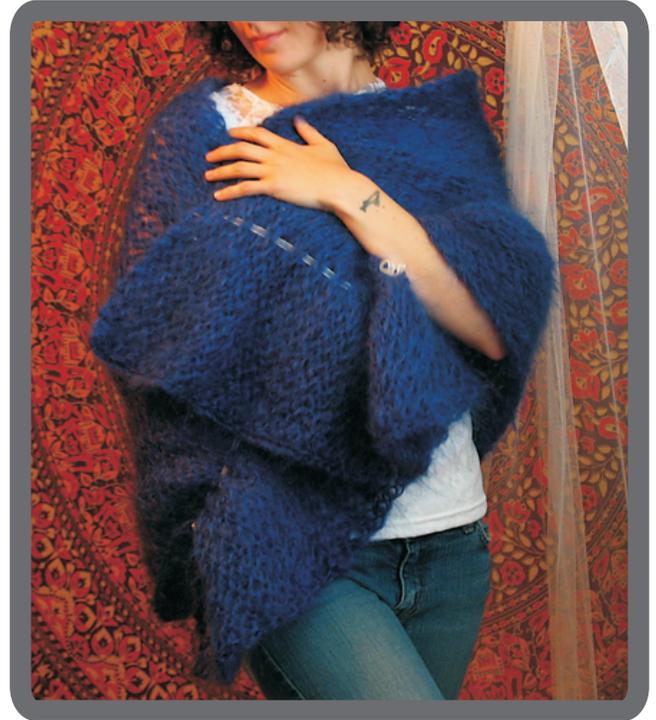

Cut your ribbon in half and be sure the ends won't fray (stick them near a flame to melt the ends, depending on the fabric - careful!).

Weave the ribbon through your wrap at one-inch intervals starting approx. 12 inches from one end.

Using a needle and thread, arrange one end of the ribbon in a bow and sew a button on top of it making sure you are sewing it to at least two strands of yarn at the edge of the wrap.

Repeat on the other side of the wrap pulling the ribbon so it is bunched as much as you would like.

Repeat for opposite end.

When Kelly isn't busy knitting and designing, she is exploring the Rocky Mountains with her dog, or probably drinking tea.
